

## Education Programs

### **Animal Friends & Nature Experience**

Grade level: K-1

Program: 1.5 hrs

- Introduction to Kualoa Ranch and Hakipu`u (the area our education center site is located).
- Animal Friends
  - Visit the various animals commonly found on a farm to learn about, feed, and pet them.
- Garden
  - Walk through our garden area to learn about plants and the products we get from them.
- Fishponds
  - See the many different wildlife creatures who call the wetland area home.
  - Help us feed the fish in our aquaculture ponds and learn how we grow fish along with other species to eat.
- Field Notebook provided

Hawaii Content Performance Standards III Benchmarks

Students will:

- Use the senses to make observations (SC.K.1.1)
- Identify similarities and differences between plants and animals (SC.K.3.1)
- Express ideas through simple activities (e.g., creative movement, choral speaking, show and tell, rhymes, poems and songs) (LA.K.6.1)
- Follow simple oral directions, instructions, and explanations (LA.K.6.4)
- Identify rules that apply in different settings and the results from complying or not complying with these rules (SS.K.4.1)
- Identify the requirements of plants and animals to survive (e.g., food, air, light, water) (SC.1.3.1)
- Describe how living things have structures that help them to survive (SC.1.4.1)
- Describe the physical characteristics of living things that enable them to live in their environment (SC.1.5.2)
